Professional Experience

Dreamweb

Founder

2022 – Present

Built the backend of a \$200 MRR SaaS platform that allows users to create and launch responsive, mobile-friendly websites using Notion, Google Sheets and Airtable.

Dive

Founder

2022 – Present

Built the backend architecture and frontend design for a new-gen productivity platform, enhancing UX (User Experience) for customers and streamlining internal workflow.

Interests

Technical Writing

I love to demystify the web and help the readers understand better about website development, design, and marketing. I tend to write blog posts that are both enjoyable and educational.
